Geofencing court case

<https://www.npr.org/2026/04/26/g-s1-118359/supreme-court-geofencing-explainer-video>

my bad

I assumed

everyone had

respect for

basic human rights

Federal Bill to require OS level age verification

<https://www.gamingonline.com/2026/04/new-us-congress-bill-proposal-requires-all-operating-system-providers-to-verify-ages/>

Thank god

FUCK CHATGPT. I'M ASKING GHOSTS.

Apple finally fixes the bug that allows access to deleted Signal messages

<https://techcrunch.com/2026/04/22/apple-fixes-bug-that-cops-used-to-extract-deleted-chat-messages-from-iphones/>

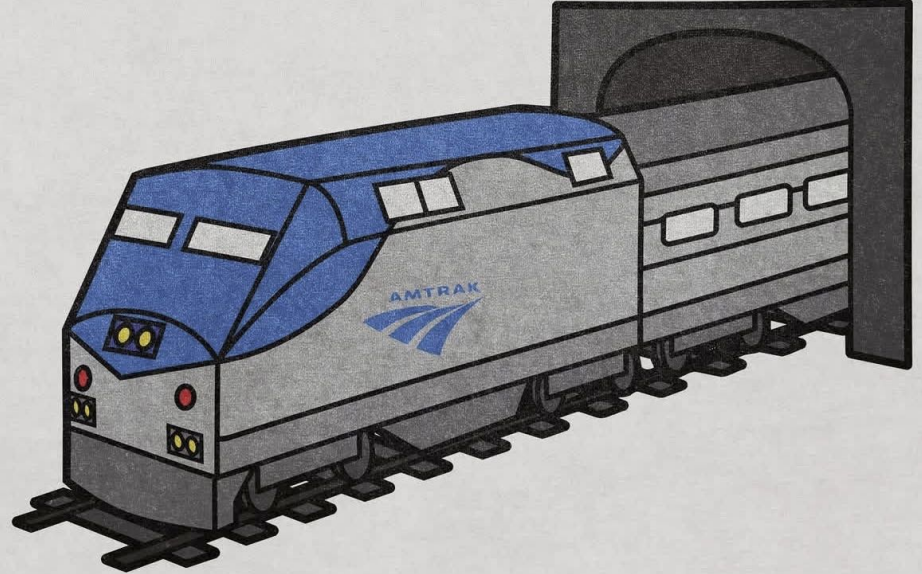

FCC is allowing software updates for foreign routers again

<https://www.tomshardware.com/networking/routers/fcc-reverses-course-allows-software-updates-for-foreign-made-drones-and-routers-until-2029-agency-says-blocking-security-patches-could-create-cyber-security-risks>

Mildly interesting

THEY CALL IT
AMTRAK
BECAUSE THE TRAIN

AM ON THE **TRACK**

Let's Encrypt stopped
issuing certs for a
couple hours

<https://cybersecuritynews.com/lets-encrypt-halts-certificate-issuance/>

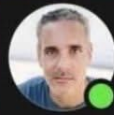

Thanks for listening

You can find my shit at

<https://segotari.com/>

(Also please I need gas
money holy shit how does it
cost this much I'm not made
of money wtf I want to go
home)

case.murphy

@ Threads

Revolutions are never legal. That's kinda the point.

Sometimes shit has to burn.
