

SecKC October News

By @net_code / Isaiah

ADT

ADT was breached and some customer data was allegedly stolen.

They filed a SEC K-8 yesterday.

BABUSHKATS

Israel ruined air travel for everyone

(Mossad are dickheads)

FBI backdoor got exploited by China

Huh, weird.

Ivanti Needs to Stop Sucking Dick at Their One Job

Ivanti needs to figure out how to deal with directory traversal, they keep getting popped by it.

CUPS Vuln

I would argue overhyped, but still very interesting.

Perfctl

Interesting Linux rootkit

Thanks for listening

This was the most thrown together one yet, sorry about that.
