

SecKC October News

By @net_code / Isaiah

Breaches

hehe

Crimson Collective got Red Hat

It's since been put on LAPSUS\$'s
portal

U.S. Customs and Border Protection and Federal Emergency Management Agency

Both got popped with CitrixBleed2

Apparently 24 people were fired over this

JLR expected to restart some
production after cyber shutdown

Salesforce? Part 36
or whatever we're on
now

Funny Moments

Akira SonicWall campaign

Upper Tribunal rules against Clearview AI

Oracle E-Business Suite has a tiny issue

Cl0p has been using this to great effectiveness

Lapsu\$ has also been using it

Enormous DDoS attack from IoT devices

Aisuru

IoT botnet

30tbps

schlorp schlorp schlorp schlorp schlorp schlorp
schlorp schlorp schlorp schlorp schlorp schlorp

Satellites be sending unencrypted shit

Cooler kitty

Jeeps fuckup

OTA update bricks your car

Skill Issues

EU Airports be a bit fucked up

Collins Aerospace

Lotsa EU airports be sad

Flights canceled at the time of the
“event”

Heathrow 95%

Brussels 94%

Dublin 76%

Berlin 80%

SonicWall Firewall configs
stolen for all cloud backup
customers

So when CrowdStrike does it it's an "issue"

Security Advisories

Issues Affecting CrowdStrike Falcon Sensor for Windows

Kevin Beaumont

@GossiTheDog@cyberplace.social

Three new CVEs for Cisco AnyConnect/ASA

CVE-2025-20333

CVE-2025-20363

CVE-2025-20362

Chained and under active exploitation since earlier in the year

[sec.cloudapps.cisco.com/securi...](https://sec.cloudapps.cisco.com/security/center/content/CiscoSecurityCenter#CVE-2025-20333)

[sec.cloudapps.cisco.com/securi...](https://sec.cloudapps.cisco.com/security/center/content/CiscoSecurityCenter#CVE-2025-20363)

Exploitation and Public Announcements

Hide

The Cisco Product Security Incident Response Team (PSIRT) is aware of attempted exploitation of this vulnerability. Cisco continues to strongly recommend that customers upgrade to a fixed software release to remediate this vulnerability.

Source

This vulnerability was found during the resolution of a Cisco Technical Assistance Center (TAC) support case.

Cisco would like to thank the following organizations for supporting this investigation:

- The Australian Signals Directorate Australian Cyber Security Centre
- The Canadian Centre for Cyber Security, a part of the Communications Security Establishment
- The UK National Cyber Security Centre (NCSC)
- The U.S. Cybersecurity & Infrastructure Security Agency (CISA)

Vodafone BGP

India's income tax portal

Ransomware

What the hap

is fuckening

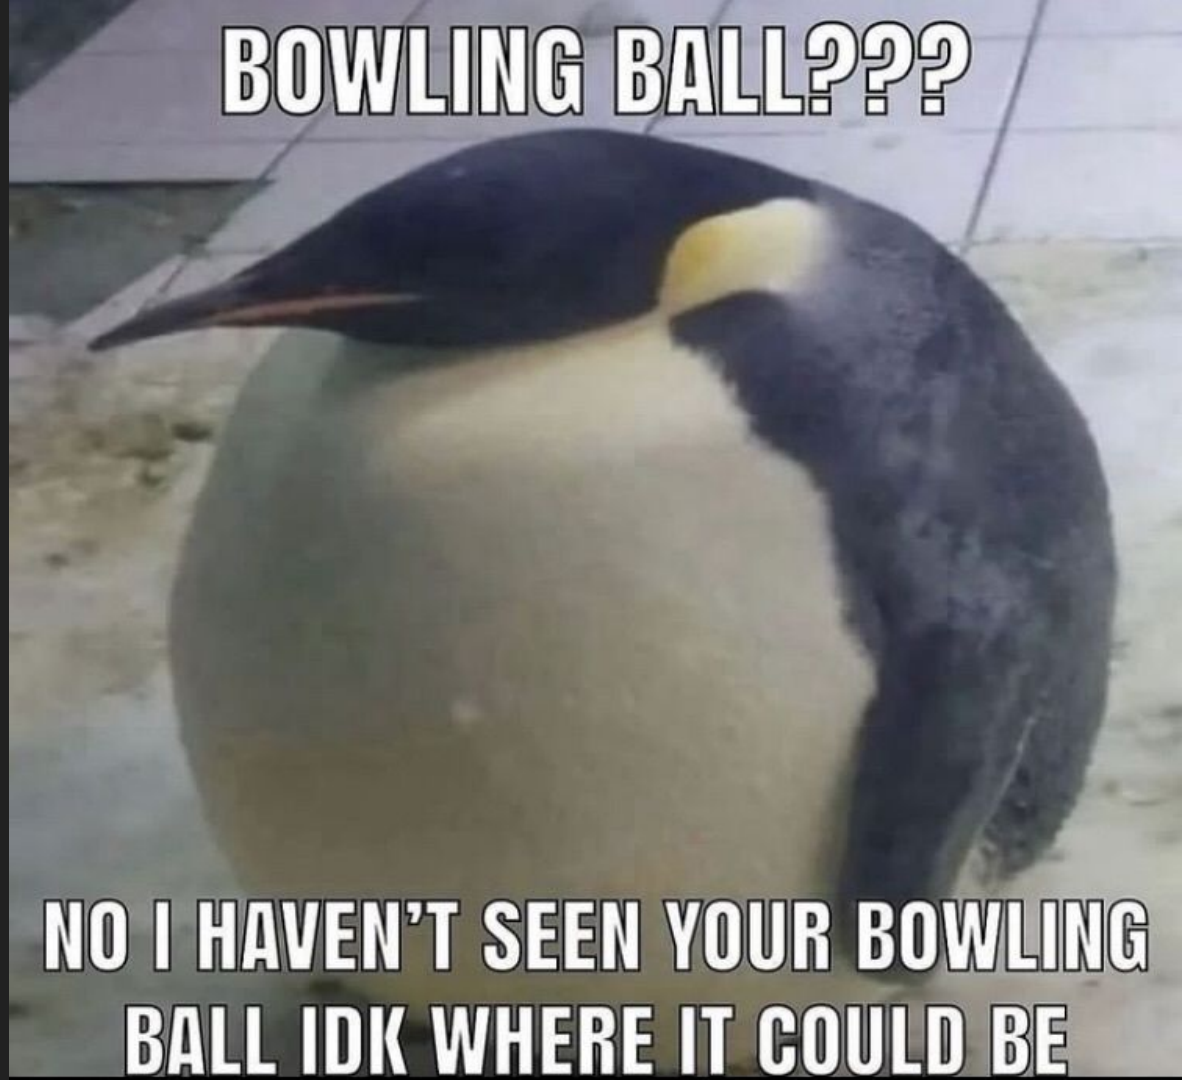

@therefore.yeehaw

Scattered Lapsus\$ Hunters Portal

COLT got got real
good

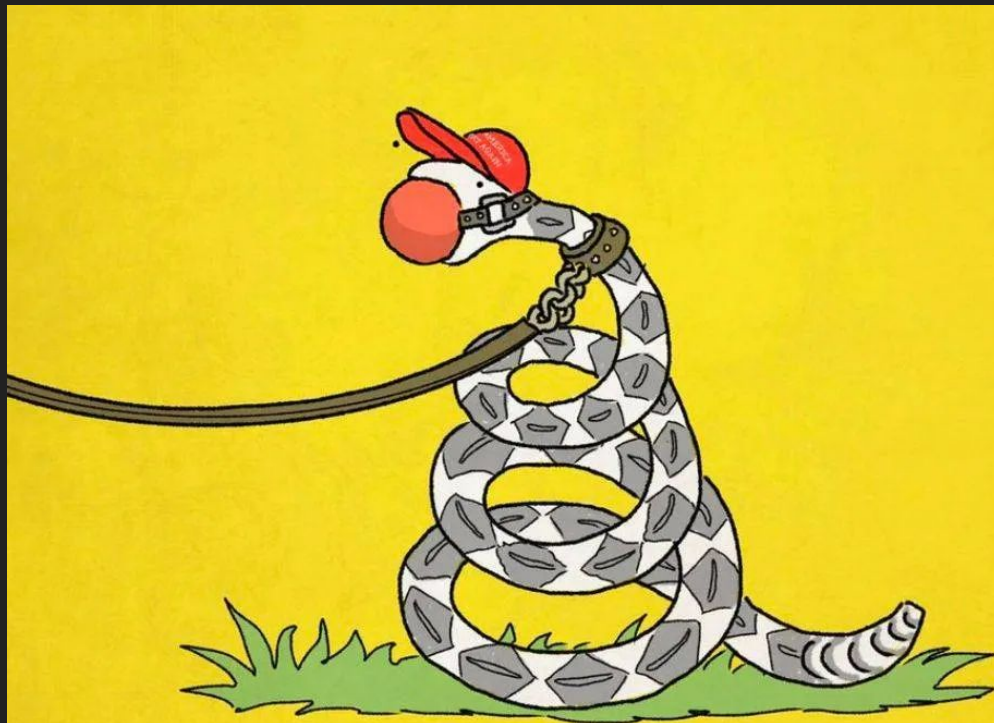

Apparently they are finally
starting to get back on their
feet

What in the actual fuck

Apple takes down a app that archives video of ICE abuse

TREAD ON ME, DADDY

Discord lost 70,000
users ID photos

ICE bought some cell-site simulator vans

Thanks for listening

Hope you enjoyed,

I'm going to put the slides up on

www.powershell.zip eventually
